

## TEACHINGS OF THE MASTERS:

TEACHINGS OF THE MASTERS: THREE GREAT TRUTHS Hear me, my brother, he said. There are three truths which are absolute, and which cannot be lost, but yet may remain silent for lack of speech. The soul of man is immortal, and its future is the future of a thing whose growth and splendour has no limit. The principle which gives life dwells in us and without us, is undying and eternally beneficent, is not heard or seen, or smelt, but is perceived by the man who desires perception. Each man is his own absolute lawgiver, the dispenser of glory or gloom to himself; the decreer of his life, his reward, his punishment. These truths, which are as great as is life itself, are as simple as the simplest mind of man. Feed the hungry with them. from The Idyll of the White Lotus. No better precis of the Teachings of the Masters exists than the beautiful words above. These teachings have many forms and many different names, yet the central theme remains the same: that a spiritual reality exists and only through an understanding of humanity's holistic nature will we discover the answers to the great questions of existence. In this compilation you will find extracts from the works of a selection of authors. They all have one thing in common - they were inspired by members of the spiritual hierarchy of the planet, Masters of the Wisdom, the custodians, past, present and future, of humanity's spiritual inheritance.

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
