

Everything Is Perfect

This book is comprised of writings from the authors spirit guide, Daniel, and her Angels. It was a gift given to be shared with people who are in search of truth and enlightenment and covers such topics as The Power of Thought, The Death Experience, Dreams, Karma, Accidents, The Right To Die, Killing in Self Defense and War, Energy and Vibrations, The Gift of Healing, Reincarnation, When Bad Things Happen, Lifes Mysteries, What Happens To Pets After They Die, Religion, Prayer, and The Power of Love, and many more! Why do beings spend their whole life not knowing of the help that is there for them from Spirits and Angels? People have many questions, but most people dont ask them because they are afraid of the answers. Whatever the reader of this book believes, he or she is still searching for answers. This book reaches out to all readers and searchers to open their minds and hearts and consider what the Spirits and Angels have to say.

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
