

5: The Power of Relational Evangelism

Evangelism is a word that strikes fear in the hearts of even the most faithful Christians. Though believers realize their responsibility to connect others to Christ, many feel intimidated by the task. A plethora of programs and processes have been developed to aid believers in evangelism; however, these can often feel impersonal, inauthentic, or awkward. In frustration, many believers have given up hope of ever feeling adequate to share their faith with others. What if evangelism was not meant to be a process? What if it was never intended to be boiled down to step-by-step programs or processes? What if introducing others to Jesus is actually as easy as sharing life with others and having a few intentional conversations? Through this book, readers will learn an approach to evangelism that leverages relationality while minimizing much of the anxiety that accompanies sharing one's faith. Rather than a new approach, this simple, straight-forward perspective is a return to the evangelism modeled by the first believers. There are no flowcharts, presentations, or acronyms. All that is required is a reliance on the Holy Spirit, God's Word, and a desire to cultivate and build intentional relationships for the sake of the gospel. The ultimate goal is to see every believer equipped, encouraged, and empowered to do his part to fulfill the Great Commission of Christ.

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
