

## The Illumination of Natalia

A Ghost Story that is wrapped in a Mystery within an Adventure: Be prepared to be scared! In *The Illumination of Natalia* by G. William Molt, a ghost story unfolds against the backdrop of a mystery where a huge fortune is up for grabs. Gorgeous clairvoyant Natalia is not just the great granddaughter of the Russian mystic Rasputin; she is also the victim of a deceptive international marriage arrangement perpetrated by the evil and dangerous Parker. Ruthless and greedy, Parker begins to eliminate anyone who stands in the way of his securing control of a hereditary fortune. In addition her marriage has made her an unwitting heir and target of a shadowy organization that lurks in the background, vying for control of the family fortune as well. But Parker and this group are not the only evil. Natalia's cousin had previously stirred up an unholy presence in their homeland that now seems to amplify the havoc that already existed in her new town, causing terrible things to happen. Only the handsome Nate seems able to help Natalia, and together they join forces and hearts to try to escape the encroaching terror. Molt draws upon his own amazing experiences living in an exceptionally haunted house with a clairvoyant friend. Watching in horror as his friend was manipulated by whatever was within the house, Molt was inspired to turn his harrowing experience into art, and created *The Illumination of Natalia*. Molt has also used his journeys to Russia and the Ukraine as well as his time working on the Navajo Indian reservation to infuse his story with startling realism.

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
