

# The Great Word Catalogue: FUNdamental Activities for Building Vocabulary

In her inimitable way, Susan Ohanian offers something new and different to use in the classroom. She brings language to life in this irresistible invitation to investigate vocabulary, to practice and play with words. At once whimsical and functional, *The Great Word Catalogue: FUNdamental Activities for Building Vocabulary* delivers on its title, showing teachers and students that fundamentals are fun and that fun is fundamental. This book gets students excited about words and teachers excited by its endless possibilities for teaching. Students learn how to write riddles based on idioms. They discover the history of dictionaries. They know what the heck a hink pink is. And they have hundreds of potential topics for writing or discussion-everything from flower and food names to the hidden delights in car names and the wonderful, sometimes zany histories of American place names are all here. Teachers have a field day too. The Word Watch, Word Challenge, and Word Puzzler features, the Teaching Tips, and reproducible activities are immediately doable. Filled with word lore to fascinate just about any age, *The Great Word Catalogue* also contains important research. Learn about the promises and perils of teaching context clues and word affixes. Be aware of specific dos and don'ts for teaching important vocabulary-strengthening strategies. Draw on the context bank of items from children's literature for classroom study or discussion. Most of all, use this book to celebrate words every day in every way. We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
