

Naked Virgo: from The Naked Horoscope Mini Series

Before you attempt to seduce, date, hire, befriend, parent or even sleep with Virgo, READ THIS! What does Ms. or Mr. Virgo truly need or desire? What does it feel like when you meet Virgo, and what must it feel like to be Virgo? Find out what really defines and motivates these people, and how you can intrigue and inspire, titillate or irritate, please or piss them off! The Naked Horoscope Mini Series presents us with a fresh and innovative way of seeing and assessing the astrological types. In this edition, you will learn how to recognize and understand the Virgo influence, instantly, in both friends and those you've only just met, and you'll come to intimately know and better connect with even loved ones you thought you knew well. Eve Roissy takes us on a brash and bawdy journey across a landscape of famous personalities, fables and faces. With spot-on descriptions and a risqué wit, she easily blends examples from film, TV, history, literature and the world of celebrity, bringing this type vividly and unforgettably to life.

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
