

You Can Have An EPIC Marriage!

Marriage is a covenant! Marriage is a mirror image of our relationship with our Lord and Savior, Jesus Christ. Marriages should reflect Him. Marriage should be a reflection of Christ and His bride, us. When we look in the mirror, as a couple, do we see Jesus Christ? Do we display Christ to our spouses, to our children, to our family, to our friends, and to the world? Are we leaving a legacy for our children to duplicate what is modeled for them? We have been married for almost 25 years and we have enjoyed this journey every step of the way. Our marriage is definitely EPIC!!! Praise the LORD!!! Were not called the Love Couple for nothing! :-) We have seven children and three of our children are young adults, who are excited about the idea of having a marriage and family of their own! Marriage takes work! It is a job! Since, its a job, consider all that you do to exemplify Christ on your job. Be encouraged to fight for your marriage and to do whatever it takes to leave a lasting legacy for generations to come! This short read will encourage you to reflect Christ in some practical ways. You will discover how to be an EXCELLENT wife and a husband of VALOR. We have implemented these tools and pray that in some form, it will encourage you to do the same. You can choose to use this book as a couple devotion, as a couple small group Bible study, or just read it alone. However, you decide to use this book, we pray that your marriage will be forever changed and that you will leave a legacy of an EPIC MARRIAGE for generations to come!!!

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
