

Design Classics: Set Surprise

The Design Classics series presents exceptional products that have set standards in form, function and brand communication. Each monograph is a richly illustrated essay and product portrait, from conception to production, from prototype to collectors item. Our special offer for design enthusiasts: a Surprise assortment of 5 Design Classics, with something for everyone. The selection, made according to availability, represents a price of EUR 2.40 per volume (regular price: EUR 7.00)!

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
