

## The Queens English: Essential Companion to Written English

This is a survey of today's climate of literacy that homes in on the actual faults in current usage, cataloguing common errors and infelicities. The book contains examples of these from papers, journals and magazines. It also gives advice on how to attain linguistic accuracy. The book raises the question of whether an educational system can be expected to lift standards of literacy when the young are pitchforked into an adult world in which professional writers are careless of good usage.

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
