

## Success: Communicating in English, Level 1 (Great American English)

Success: Communicating in English, by Michael Walker, is a comprehensive, five-level ESOL program for young adult and adult learners. The textbooks capture student interest with superb visuals and contemporary content. Bonus Practice Books offer more practice than ordinary textbooks--128 pages of conversations, vocabulary expansion, grammar reinforcement, critical thinking, and writing exercises. And the Teacher Resource Books provide everything teachers need to successfully plan, present, and enrich every lesson. The Success consists of a Basic Beginner level and levels 1-4.

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
