

Meditations from the Heart March

The month of March's Meditations from the Heart are designed to bring you encouragement in your daily walk with Christ. These words of love flow after Theresa spends time praying and meditating on God's Word. The words flow out from her heart after seeking God's heart and the two become one as the words form in a love letter from God to you with a scriptural reference. The monthly books are excerpts from the To Know Me series of Love Letters from God Volume 7. Theresa displays a variety of books to inspire and encourage you in the ups and downs of life. It rains on the just and the unjust. So, if you are feeling up, these words will add to your joy, if you are feeling down, these words will lift you up and help you face the day with hope, for nothing stays the same. This too shall pass... www.three-sheep.com

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
