

## Is That You, Miss Blue?

A teenager whose parents have separated tries to adapt to life at a boarding school and make a fresh start in a strange new place. After her mother runs off with her much-younger boyfriend, fourteen-year-old Flanders is shipped off to a boarding school in Virginia. On the train, she meets Carolyn Cardmaker, a preacher's daughter who will become her best friend. She also meets Ernestine Blue. Miss Blue is Flanders's faculty advisor at the Charles School, where each residence hall is named after a Charles Dickens novel. But Miss Blue's strict disciplinarian persona may be concealing a tragic past. As Flanders adjusts to life at school, which includes a deaf roommate and a terrifying blind date, she discovers surprising things about Miss Blue . . . and herself. A coming-of-age novel that transcends the ordinary in its perceptive, empathetic depiction of Flanders and the people in her life, *Is That You, Miss Blue?* takes us into a world where not everyone can be taken at face value and where strangers can become unexpected friends. This ebook features an illustrated personal history of M. E. Kerr including rare images from the author's collection.

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
