

Collins Road Atlas 2002: Europe

Covering Europe from North Cape to Gibraltar and from Ireland to Western Turkey, this atlas features clear, easy-to-follow road maps produced from the up-to-date Digital Database at a scale of 1:1,000,000 (16 miles to 1 inch). Euroroutes and motorways easily distinguished and international road classification, road distances in kilometres and relief are shown by hillshading. The atlas also includes details on driving regulations for all European countries, route planning maps, distance map and chart and through-route maps of the largest cities.

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
