

Workplace Motivation

Motivation in the workplace may act as the driving force directing organization members toward set targets. When one should consider motivation among the workplace, what may first come to mind is monetary incentive. This, of course, is not the only form of incentive initiating motivation among the workplace. Other forms of incentive exist in praise or greater decision-making in organization activities. Workplace motivation may require the presence of sound transformational leadership catering to both the person and situational variables in creation of a state of equity among members of the organization. It seems for a democratic leadership style to cater to motivation in the workplace as a function of customer satisfaction, purchase intention of customers, and eventual satisfaction of organization members.

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
