

Chinese Power Animal Stamps: Discover and Use Your Own Power Animal Seal (Weiser News)

Bring wisdom and good fortune into your life! Mark letters and papers with your own Chinese Power Animal stamp. According to ancient lore, an emperor once lived who demanded a roll call of earth's twelve most interesting animals. The Jade Emperor then commanded which animal, with its natural strengths and characteristics, would rule which Zodiac time and sign. This was the beginning of the system we now know as Chinese astrology. But you don't have to know a thing about Chinese astrology to appreciate this one-of-a-kind gift set. It comes complete with a Jade Emperor stamp made of resin, fashioned in classical Chinese style. Plus twelve rubber stamps that fit into the Jade Emperor, along with an inkpad with traditional red ink. An informative booklet outlines the story of just how the twelve animals that make up the Chinese Zodiac are categorized. Each animal is presented in detail and the table of years allows you to discover which animal presides over your birth year or that of anyone else. You will gain insight into your own relationships, love life, and ideal career path. Correspondences with the elements, colors, feng shui compass points, and yin-yang are provided, along with a section on compatibility ratings with each of the other signs. Use the stamps in traditional style as a personal signature to correspondence, or to add an Asian flair to stationery and gift cards. Because each animal is endowed with unique characteristics, you can use the stamps in combination to spell out symbolic messages, empower documents with special traits, or create special talismans.

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
