

Old Santa Susana Depot: A Southern Pacific Railroad Gem

The Old Santa Susana train depot, built in 1903 by the Southern Pacific Railroad, served the communities of Santa Susana and Simi Valley for over 60 years. After years of falling into decay the entire structure was divided into three sections and moved to its current location, where it was lovingly and expertly restored back to its original glory.

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
