

A Charm of Magpies: An ebook bundle of The Science Magpie, The Antiques Magpie and The Nature Magpie

The Science Magpie is Simon Flynn's bestselling collection of enthralling facts, stories, poems and more from science history, from the Large Hadron Collider rap to the sins of Isaac Newton. With Antiques Roadshow regular Marc Allum as your guide, go in search of stolen masterpieces, explore the first museums, learn the secrets of the forgers and brush up on your auction technique with The Antiques Magpie. And with acclaimed nature writer Daniel Allen, join naturalists, novelists and poets as they explore the most isolated parts of the planet and discover which plants can be used to predict the weather in The Nature Magpie.

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
