

## Zac & Mia

Winner, The Text Prize for Young Adult and Childrens Writing, 2012 Winner, NSW Premiers Literary Awards, Ethel Turner Prize for Young Peoples Literature, 2014 Winner, Crystal Kite Member Choice Awards, ANZ, 2014 The last person Zac expects in the room next door is a girl like Mia, angry and feisty with questionable taste in music. In the real world, he wouldnt, couldnt, be friends with her. In hospital different rules apply, and what begins as a knock on the wall leads to a note, then a friendship neither of them sees coming. You need courage to be in hospital; different courage to be back in the real world. In one of these worlds Zac needs Mia. And in the other Mia needs Zac. Or maybe they both need each other, always. A. J. Betts is an author, teacher, speaker and cyclist. *Zac & Mia*, the winner of the Text Prize for Young Adult and Childrens Writing, is her third novel for young adults. Her others are *ShutterSpeed* and *Wavelength*. She lives in Perth, and writes when shes not pedalling. Zac and Mia are unforgettable - they put hooks into my heart that are still there. Be warned: if you pick up this book, you wont want to put it down. Fiona Wood There is a great sense of warmth and humour in this story, which will appeal to both YA and adult readers...A stand-out novel for 2013. Australian Books and Publishing I think you have to be brave to write a book like this. To write it without overt, condescending sympathy. And to be brave enough to write the moments that are funny, or grotty, or filled with rage, alongside those that are brave and heroic. Its a book that is well deserving of a prize, and is likely to win many more. First Impressions For communicating the day-to-day mundane madness of cancer, Betts deserves high praise...Another triumph for the Text Prize, A. J. Betts is in good company and *Zac and Mia* is another great read. ALPHA Reader *Zac and Mia* by

A.J. Betts is a beautifully written story from dual perspectives...A warm-hearted story and two unforgettable characters. Hypable I found Zac and Mia to be a compelling story with characters that I truly cared about by the end of the novel...confronting and heartbreaking at times, but it is also comforting and moving, a beautifully written portrait of our basic human need to connect. Its a story that Im glad I had the opportunity to read and one that Im sure will linger with me for some time. Kids Book Review The strength of Betts novel is how well she gets inside her characters head...her characters felt real - her dialogue is spot-on, the supporting characters truly shine in their own ways, and Zac and Mias perspectives ring unique and true. Everything feels raw and real, completely grounded. Inkrush The writing was close to perfect. A. J. Betts effortlessly created a story, while daringly similar to John Greens, still equally fascinating and touching. YA Midnight Reads If you are after a book filled with hope and heart I recommend Zac and Mia. Obsession with Books Zac and Mia won the 2012 Text Prize for Young Adult and Childrens Writing and it is easy to see why. It is [an] outstanding novel...There will be laughter, there will be tears, some of which will be for the truly amazing Zac and Mia and all their real life counterparts. Most of all there will be joy. You will not want to put this book down once you start to read it. Hoopla Un-put-down-able. The characters are believable, likeable, they grow, change, and stay with you long after youve finished reading. Book Chook

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
