

Karmic Management: What Goes Around Comes Around in Your Business and Your Life

Readable in fifty-eight minutes: Traditional Eastern wisdom and real-life business experience come together in this brief and practical guide, which offers a step-by-step plan that will help readers adopt a more successful way of working and living. KARMIC MANAGEMENT is a little book with a revolutionary message. It turns traditional business mentality on its head by stating simply that helping others become successful suppliers, customers, even competitors is the real key to success in life as well as in business. Drawing from their own entrepreneurial experiences, the authors explain how, in eight basic steps that take less than one hour in total, readers can learn to apply KARMIC MANAGEMENT to meet goals, both personal and professional. Each lesson opens with a quotation from a Buddhist text and explains how it applies to life and work in the twenty-first century. The authors show readers how to identify the things that aren't working for them, discover their most valuable assets, and use their new insights to improve the lives of others. To-do lists throughout the book provide practical tools and exercises, and real-life examples highlight the power of KARMIC MANAGEMENT to make dreams come true. From the Hardcover edition.

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
