

# Infinite Healing: Empowering You to Heal the Negative So the Positive Can Flow Naturally!

In your life you will encounter only two things: blessings and opportunities to learn lessons. All positive experiences are blessings and all less-than-desirable ones are opportunities to learn lessons. When you have an opportunity to learn a lesson, you also have an opportunity to Heal. Taking advantage of the opportunities to learn lessons and to Heal is the key to creating a life of abundance-in everything. Infinite Healing requires you to Honor everything about yourself because ignoring, denying, or suppressing what you really think and feel does not mean you do not think or feel that way and because ignoring or denying the negative does not mean it is not there. Discover how easy it is to learn the lessons you are here to learn and how to Truly Heal negative thoughts, negative emotions, physical symptoms, and all other less-than-desirable things in your life. Healing the negative allows the positive to flow naturally. Today is a great day to begin to Truly Heal and to create a better life! Dare to experience the power of You!

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
