

Between Sarmatia And Socialism: The Life and Works of Johannes Bobrowski. (Amsterdamer Publikationen zur Sprache und Literatur 139)

Interest in Johannes Bobrowski (1917-1965) has suffered from an impression of the complexity of his works and of the narrowness of his focus: on The Germans and their Eastern European neighbours. The current study re-examines aspects of Bobrowski's Sarmatian works, especially their chronological development, but places them within the wider context of the whole of his oeuvre. It looks at the long period of development before he discovered his theme in the early 1950s and examines his development after *Sarmatische Zeit* and *Schattenland Strome*, seeing the volume *Wetterzeichen* as moving increasingly away from the past and towards more contemporary issues. His short stories and novels are related to the issues confronting him in East Germany and develop increasingly into responses to immediate poetic and social problems. Far from being a remote and backward orientated Sarmatian, Bobrowski emerges as a writer attempting to communicate with a society which, he felt, threatened to ignore basic human needs and aspirations. The study makes use of material from Bobrowski's Nachlass to present a figure looking for and offering patterns for orientation in his East German society, but with renewed relevance for post-unification Germany.

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
