

## Gods Word on Healing

Gods Word On Healing is a collection of scriptures on healing and Gods promises with miracle testimonies. As you read the Scriptures in this book, you will discover:

- It is Gods will to heal.
- Healing is part of our salvation in Christ.
- Jesus healed all who came to Him in faith.
- We have authority over sickness and the devil; God answers prayers that are in harmony with His Word.
- Words play an important role in our lives

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
