

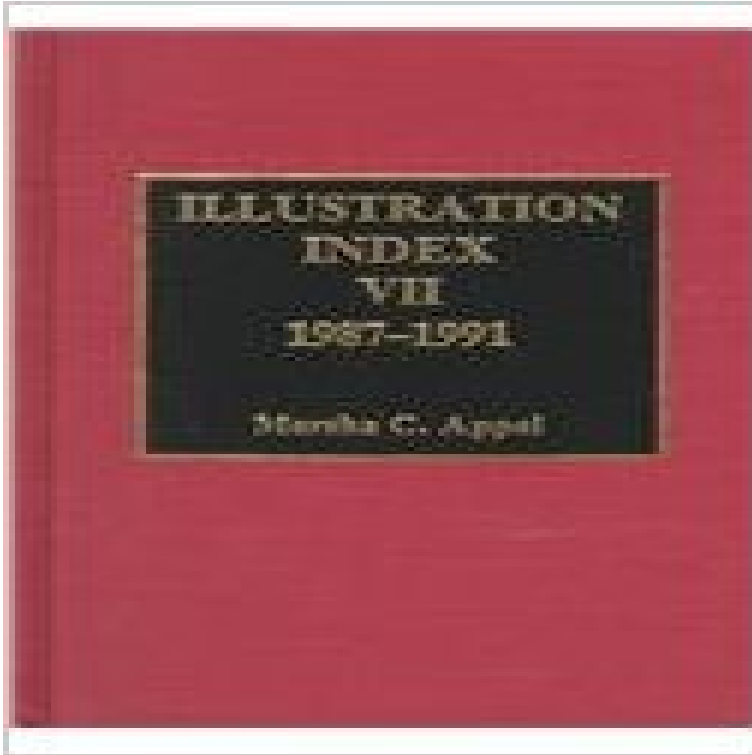

## Illustration Index VII: 1987-1991

This seventh volume of the Illustration Index is entirely new and covers the years 1987-1991. It follows the patterns of scope, style, and arrangement set in volumes IV through VI. Over 19,000 individual subject headings, encompassing about 28,000 entries, attest to the depth of indexing. Entries tend toward the specific, and there are extensive cross-references and multiple listings for most illustrations. Indexed to provide a cross-cultural perspective. There is a major emphasis in historical and socio-cultural phenomena. Though not claiming to be totally comprehensive, the only illustrations methodically excluded are ads. Individual personalities are included, provided that they are considered of sufficient historical significance to warrant a separate article in the World Book Encyclopedia. The rationale for this criterion is the fact that photos of people enjoying ephemeral fame abound and can easily be located through the periodical indexes. Reviews from previous volumes:... an absolute must for anyone working with the public and periodicals. ?LIBRARY JOURNAL... a serviceable, functional index.... worth purchasing.... ?REFERENCE BOOKS BULLETIN This continuation of a highly successful index series is a valuable addition to any reference collection. ?ARBA A very useful index which can benefit the casual user as well as the advanced researcher.... Highly recommended for libraries with picture files and for those with general periodical collections. ?ARBA... sui generis as a source for locating pictures. ?WILSON LIBRARY BULLETIN

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
