

The McGraw-Hill Reader: Issues Across the Disciplines

The McGraw-Hill Reader addresses the liberal arts tradition, cross-curricular ideas, and diverse viewpoints through more than one hundred quality prose works from prominent writers and thinkers. A range of readings from both classic and contemporary sources and from across the disciplines - from education, the social sciences, business and economics, the humanities, and the sciences - provoke critical thought and effective writing.

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
