

God Prevailed

God Prevailed is a book that takes you through a journey of hope, disappointment, and struggle. It will cause you to not look at the situation but pray through it and OVERCOME in it. It has tools that will cause you to think differently when you are faced with life challenges continually being victorious in them especially if they are cancer or Lupus.

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
