

The Story of Christianity

Providing a truly global view of Christianity across all denominations, The Story of Christianity covers the Old Testament to the present day, covering topics as diverse as the early martyrs, the birth of the monasteries, the conversion of Europe, the Crusades, the Inquisition, the Reformation, and the rise of the Third World church. Beautifully illustrated, clearly presented, and written in a lucid and accessible style, this unique book encapsulates the essential history of the Christian religion.

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
