

Beastly Deluxe Edition (Kendra Chronicles)

See it through both their eyes. Beastly I am a beast. A beast. You think I'm talking fairy tales? No way. The place is New York City. The time is now. And I'll stay this way forever ruined unless I can break the spell. Yes, the spell, the one the witch in my English class cast on me. Why did she turn me into a beast who hides by day and prowls by night? I'll tell you. I'll tell you how I used to be Kyle Kingsbury, the guy you wished you were, with money, perfect looks, and the perfect life. And then, I'll tell you how I became perfectly . . . beastly. Lindy's Diary, I am locked away . . . with no one to confide in but you . . . and him. His fur, those claws they caught me off guard at first, but now I'm noticing something else about him something deeper. It's the look in his eye. It tells me he's got a secret to keep. That's okay I've got one, too. I think I'm falling in love with him. . . . Lindy

We've started our countdown to National Handbag Day on October 10, and that means we'll have special features for you every day, right up to the big event! Today, we're here to talk about the intersection of celebrity and accessories, and more specifically, how the two can become intertwined in public consciousness for years. The kinds of stars who carry a particular bag do a lot to shape the market's perception of it and the designer who created it, which is why so many brands give out free bags to stars now: they're hoping to create positive associations. In the cases you see below, though, things came along a little bit more naturally. You can't rush love, after all. Think of a bag-celeb duo we missed? Let us know in the comments!
